

CORPORATE & COMMERCIAL

The Firm's Corporate and Commercial practise has the resources necessary to manage a transaction from beginning to end. We employ an integrated approach and collaborate with numerous practise experts to create the best strategy and structure for a client. We are recognised for our knowledge in all ancillary areas of a transaction, including the ones listed below, and continuing compliance issues.

The group offers strategic, specialised, and all-inclusive corporate advising services and provides advice to corporations, directors, shareholders, partnerships, limited liability partnerships, trusts, and other business entities on a variety of transactional and regulatory matters.

The Firm has helped numerous clients from all over the world establish their business presence in India in a variety of business areas, together with the associated implementation and post-setup compliances/registrations under one roof.

The Firm also helps clients with a variety of event-based legal advisory and compliances, such as company incorporation, director changes and their compensation in listed and unlisted entities, capital changes, charter document changes, obtaining different ROC, RD, MCA, and RBI approvals, changing a company's status, charge management, annual compliances, etc.

The Firm offers guidance to publicly traded firms seeking permits under the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 for merger plans, the listing and trading of fresh shares, etc. Additionally, we helped our customers with different compounding applications under the Companies Act and FEMA, and we helped numerous businesses with the striking-off and winding-up procedures.
