

TRADEMARK & I. P. LAW

In an aggressive competitive structure, Intellectual Property Rights acts as a stimulant in building good will and mark in the market despite of being an intangible asset. Intellectual property laws promote the creation of human ideas/intellect. Intellectual property has become a backbone for being a distinct identity amide other national and international players. The TRIPS Agreement established the minimum global standards of IPRs protection as well as rules on enforcement, not ending to this it has brought along domestic IPRs regimes of WTO members under the jurisdiction of the WTO dispute settlement system.
